

IMPORTANT OPERATIONS TAKING PLACE AT SUEZ

TURKS MOVE ON EGYPT; WARSHIPS ASSEMBLE

London, Jan. 27.—Dispatches from Cairo state that great military activity prevails at the Suez canal. Troops and warships are being assembled and all civilians are leaving the vicinity of the canal. Important reconnaissance are being made.

It is reported here that three Turkish army corps (about 120,000) men are marching on Egypt, under command of Djemal Pasha.

Cairo, Egypt, Jan. 27.—An engagement occurred yesterday to the eastward of El Kantara, in Egypt, presumably with the advance guard of a Turkish army, although details are lacking.

COLD WAVE AND SNOW FOR THE OHIO VALLEY

Washington, Jan. 27.—Coldest weather of the season covering the northwest today with temperatures as cold as 40 degrees below zero, will show its effects in the east by tomorrow according to the predictions of the weather bureau.

"Unsettled weather will prevail generally tonight and Thursday over the eastern half of the country with snow in the Ohio Valley and Tennessee, rain or snow in the north portion of the east gulf states, and rain over the south portion," says the bureau.

"It will be colder tonight and tomorrow in the Ohio Valley and the Lake region with a cold wave in East Upper Michigan, Lower Michigan, Northeast Indiana and Northwest Ohio.

SIX AMENDMENTS TO STATE CONSTITUTION GIVEN CONSIDERATION

Columbus, Jan. 27.—Six constitutional amendments lengthening the term of public officials, may be on the ballots at the general election next November, if proposals made in a series of joint resolutions introduced in the house yesterday and referred to the committee today, are adopted by both houses of the legislature. Legislative circles today were stirred by discussion of the amendment proposals.

Here is the effect of the propositions:

All state executive officers would be elected once every four years in even numbered years.

County officers would be elected every four years and they would not be eligible to serve two consecutive terms; their election would occur in odd numbered years.

Members of the legislature would serve four years and terms of only half their numbers would expire at one time.

The legislature would hold annual sessions, in odd numbered years only, for the introduction of measures and their reference to committee. This session could not be longer than 45 days. In even numbered years the legislature would take up for final action the bills introduced the year before.

Judges of the supreme court would serve 12 years, judges of appellate and common pleas courts eight years and judges of the probate courts six years.

Terms of municipal, township and school officers would not be affected.

No administrative official in state government could receive more than \$4200 or less than \$1000 and he could not serve longer than the term of his appointing authority.

The series of proposals providing these changes in the constitution were submitted in the house by Representatives Agles, of Stark, Hoy, of Jackson, Tolman, of Athens, Brown, of Union, Swan, of Preble, and Sprague, of Scioto.

A three-fifths vote of both houses is necessary to submit these questions.

WILLIS URGES FREE EMPLOYMENT BUREAUS

Columbus, Jan. 27.—Governor Willis took official notice of the program of the unemployed today by sending to the legislature a special message urging the state free employment agencies be re-organized to make them more aggressive. He also recommended passage of emergency legislation to make possible the starting of public works now which ordinarily could not be carried out until spring because of the referendum period.

This policy will "stay the hand of charity and encourage that bold spirit of individual independence which is the bulwark of our nation," said the governor.

ARRANGE FOR FEDERAL EMPLOYMENT BUREAU

Washington, Jan. 27.—Employers of labor and employment seekers throughout the country will be brought together through the establishment of a federal employment bureau by the department of labor, a plan of which was being presented through the mails today.

The post-office and agricultural departments are assisting in the plan, which aims at putting employers and employees in touch with each other without cost to either. Agents of both departments have been given blanks that applications may be made in any locality.

In circular letters calling attention to the plan, which were mailed particularly to industrial establishments, Secretary Wilson describes its purpose as the development of the welfare of wage-earners and affording to employers a method of obtaining help through distribution branches in various parts of the nation.

WILL ARGUE FOR FLOOD PREVENTION

Columbus, Jan. 27.—Advocates of the amendment of the present conservancy law were notified today that the first public hearing on the Quinisk house bill and Harvey senate bill will be held tomorrow evening before the house and senate conservancy committees meeting in joint session.

START PROBE OF EXCESS JOBS

Columbus, Jan. 27.—Reports that two persons are employed in the departments to do the work of one should do that pay for work in certain departments is being doubled for the same work in other departments, and that traveling agents of the state government make private trips at the expense, were the alleged basis on which the joint legislative "pay roll" investigating committee today prepared to begin work.

VON BUELOW A FIELD MARSHAL

Amsterdam, Jan. 27.—(via London)—A telegram received here today from Berlin announces that General Von Buelow, commander-in-chief of the German second army, has been appointed a field marshal. General Von Einem, commander-in-chief of the third army, the dispatch adds, has been promoted to the full rank of general.

CUT PRICE OF PETROL

New York, Jan. 27.—The Standard Oil company of New York today reduced the price of refined petroleum for export 25 point, making oil in cases 10.25 cents per gallon, in tanks 4.25 cents and standard white 7.75.

Taking Inventory
Hill Bros., Chillicothe street, clothing store, are taking their annual inventory.

FLOOD MARKET WITH STEEL COMMON

New York, Jan. 27.—Between 40,000 and 50,000 shares of United States Steel common stock were offered for sale at its minimum price of 48 when the market opened today but only a few hundred shares of the big offering were accepted. Yesterday afternoon the stock was selling at 51 1/2. Suspension of the dividend was not announced until the market closed.

The entire market was disturbed today as the result of the dividend suspension. Active railroad stocks broke from one to more than 3 points. Steel preferred, on which the regular dividend was maintained, broke over four points and the bonds weakened. There was practically no market for steel common at its minimum price.

Steel common hung at its minimum throughout the morning while preferred made a total decline of over five points. In the so-called unofficial market, steel sold at 45, two points under its official minimum.

Amsterdam, (via London)—Jan. 27.—The German staff headquarters are now at Charleville, France, opposite Metz and near Sedan.

ASK WILLIS TO STOP CINCINNATI MILL

Cincinnati, Jan. 27.—Governor Willis was formally requested today to prevent the "Gunboat" Smith-Jim Flynn bout at the armory here next Monday night in a letter drawn up by the Cincinnati Methodist Ministers' Association.

Officers of the First Regiment, Ohio National Guard, which uses the armory, have protested against the bout being pulled off there. Fred Wesselman, president of the Board of County Commissioners declared that the armory is the property of the county, and insists that the state cannot interfere in so far as holding the bout there is concerned.

COLUMBUS POLICE CHIEF TESTIFIES ABOUT FIGHT

Columbus, Jan. 27.—Chief of Police Charles E. Carter went on the witness stand today in the council judiciary committee's investigation of an alleged street fight in which Mayor J. Karb, Postmaster Samuel A. Kinnear and John A. Will, a state employee, were implicated by testimony yesterday.

Chief Carter testified that on the night of Jan. 11, (inauguration day), a telephone message was received at the police station saying Mayor Karb and a party were raising a disturbance in a North High street saloon. Officers were dispatched immediately to the saloon, Chief Carter said, but the mayor had left before they arrived, saying they were going to a winter garden.

Chief Carter further testified that he had made, at request of postoffice authorities, an investigation of the fight which occurred after the party left the saloon and the disturbance at the door of a hospital where Mayor Karb and Postmaster Kinnear took Will, when he was injured.

Other witnesses today testified concerning the brawl which is alleged to have occurred at the hospital door where Will was taken. Expert I. Price, an insurance man, said he saw a man lying in the slush, crying: "Don't touch me. Help! They are trying to kill me." He saw a tall man, whom other witnesses identified as the mayor, stoop down and slap the injured man in the face.

Price said all the men were drunk but that the injured man did not seem afflicted with delirium tremens as a witness yesterday said. The investigation will be resumed Friday.

NAME DELEGATES TO EDITORIAL CONVENTION

Columbus, Jan. 27.—The public winter meeting of the Associated Ohio Editors came to a close today after an interesting session. Governor Willis, W. E. Wiley, of Cincinnati, and George M. Rogers, of Cleveland were the speakers.

Governor Willis in addressing the editors declared that "the editors publish things as they see them, and while they do not always see them as I do, or would have them take a view, they must be given credit for being fair."

He added that during his public life there had never been an Ohio newspaper man to betray the confidence imposed in him, and many times they were possessed of secrets that would upset his plans if they were published.

The following delegates were selected to attend the National Editorial Association meeting to be held in May in San Francisco: G. W. C. Perry, Scioto Gazette, Chillicothe; L. H. Bush, News, Salem; F. M. Reitzel, Chronicle, Warren; H. E. Taylor, The Times, Portsmouth; J. R. Alexander, The Signal, Zanesville; George M. Rogers, The Plain Dealer, Cleveland and S. J. Flickinger, Dayton.

EMPEROR ISSUES BIRTHDAY DECREE

Berlin, Jan. 27.—(by wireless to London)—Two birthday decrees of amnesty were issued by Emperor William today, the fifty-sixth anniversary of his birth. The first releases the active military from the disciplinary punishment inflicted upon them by court martial within a limit of six months imprisonment, the second decrees annuls the prosecution of soldiers for offences committed previous to the receipt of their call to arms.

AUSTRO-GERMANS ARE SUCCESSFUL OVER RUSSIANS

The new Austro-German plan in the East, which is an immediate object calls for the protection of the dual monarchy from Russian invasion rather than the prosecution of the offensive along the Warsaw front, seems to have exerted already marked influence on the campaign. Heavy reinforcements of German troops have been sent into Hungary to assist the Austrians and an official statement today from Vienna reports that important victories over the Russians have been gained.

The fighting took place at the mountain passes leading into the northwestern and northeastern Hungary and it is said that the Russians were compelled to evacuate important positions, after repeated and fruitless counter attacks. These reports gained for the Austrians follow their successes in Bukovina, which Vienna regards as having crippled the Russian offensive there and rendered unlikely the participation of Roumania in the war, at least at this time.

A Russian official statement asserts that successes were won in recent fighting in Galicia, where attacks of the Austro-German forces were repulsed everywhere. In Central Poland, along the Warsaw front the Germans made several violent assaults, but resulted to have been driven back with heavy losses.

WILSON MAY NOT GO WEST VIA CANAL

Washington, Jan. 27.—While plans for President Wilson's trip to San Francisco in March still include passage through the Panama canal and attendance at the formal opening ceremonies, provisions being made so that Mr. Wilson could at the last moment change his itinerary and go to the Pacific coast by rail.

It is the president's desire to keep in close touch with the capital and to be able to return on short notice. It was said today that nothing in prospect now forebodes such a change but that preparations were being taken into action any developments in Mexico or Europe.

Thaw Trial Feb. 23; Jerome Is Deposed

New York, Jan. 27.—Harry K. Thaw pleaded today not guilty to the charge of conspiracy under which he was brought here from New Hampshire last Sunday. His trial was set for February 23. Meanwhile he is to remain a prisoner in the Tombs, his counsel having agreed not to apply for bail.

For the first time in nearly nine years that the Thaw case has been before the courts of this state, William T. Jerome, former district attorney of New York county, did not appear for the state. Mr. Jerome's connection with the case ended yesterday when he was relieved from duty as a special deputy attorney general by Attorney-General E. B. Woodbury. Franklin Kennedy, deputy attorney general, will hereafter have charge of the case for the state.

No attempt will be made by the state to have Thaw committed to the Mattewan asylum, pending his trial, unless his lawyers change their decision not to apply for bail.

In accepting Thaw's plea and fixing the date for trial, Supreme Court Justice Davis denied the motion made by Thaw's counsel last Monday to have the prisoner sent to Bellevue hospital so that physicians there might pass upon his sanity.

Thaw was elated today when his counsel confirmed the news that Mr. Jerome was no longer connected with the case. "It's a long lane that has no turning," he said.

SHE THROWS BRICKS, NOT COMPLIMENTS

New York, Jan. 27.—During the mid-day recess of the investigation that is being conducted into the activities of philanthropic foundations John D. Rockefeller, Jr., and "Mother" Jones had another meeting. They were photographed slinking hands. "After we have our conference," said "Mother" Jones, "I want you to come out to Colorado with me and see things I have seen. I am sure what you will see will make you do things which will make you one of the country's greatest men."

Mr. Rockefeller smiled and said: "I am afraid you are inclined to throw compliments."

"Oh, no," replied "Mother" Jones. "I am more inclined to throw bricks."

Mr. Rockefeller said he might go to Colorado with "Mother" Jones.

COLUMBUS MAN EXPO. MANAGER

Columbus, Jan. 27.—Governor Willis today appointed Newton M. Miller, of Columbus, as directing manager of the Ohio Exhibit at the Panama-Pacific Exposition at a salary of \$6,000. Miller, who is a Republican and was associated with Governor Willis as one of the latter's campaign managers, supplanted Daniel B. Torpy, of Marietta, Democrat, who had been serving as the directing commission for nearly a year past by appointment of Governor Cox.

Some folks perhaps think that I fell down on that snow storm that I said was comin' last night but I didn't. It was comin' all right when I said it was but it didn't get here. Guess it must a got snow-bound or somethin' on the way. But I guess it's just as well. We've got snow enough for the present as it is. Here's for tomorrow.

Ohio—Partly cloudy tonight, colder in northwest portion. Thursday partly cloudy and colder.

Kentucky—Unsettled and colder tonight and Thursday; cold wave in northern portion; probably local snows.

Is Your Health Worth 25c?

Sickness, possibly death may result from exposure to the weather. Accustomed to the heat of an office building, a home or compelled to remain unexposed to the elements, you risk your life when you step out into the rain, hail or snow. A slippery sidewalk or street means a fall—possibly a sprained arm or leg, even a broken bone. Is the risk worth the price?

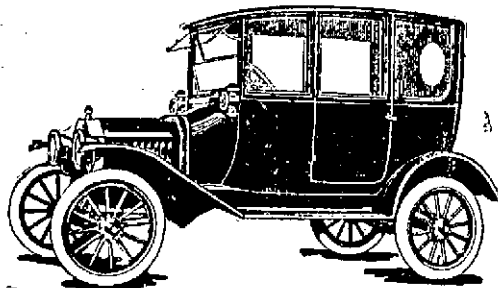

Social affairs, banquets, meetings mean late hours, the return home means exposure to the night air. Why walk and risk health when a taxi is always at your service.

WHAT DOES YOUR PAPER BOY, MILK MAN, GROCER, ETC., THINK OF YOU?

—SAYS REV. T. H. McAFEE

Seldom has there been more earnestness manifested in any meeting held in the First Baptist church. The congregations are increasing and the power of God is being realized more and more every service. The pastor preached last night on "Let your light so shine before men that they may see your good works and glorify your Father which is in heaven." "When our Lord was in the flesh," said, "I am the light of the world. He is no longer here in the flesh, but He has given the position of light to the world to you. He is here in God's stead, declaring to that hath seen Me hath seen the Father." He was sent to reveal the Father. We are here in His stead. A text takes it for granted that the world is in darkness, for light does not shine if there be no darkness. We are not a reflection of God's light that would be beneath God's light; we are children of light. It is no respecter of place. The light that shines in the prominent popular streets in a city will be just as brilliantly in the narrow alleys and streets; the light that

he put the milk on the front steps instead of walking to the rear of the house with it. I do not know what he thought of God, for he said nothing about Him, but if you had been near him after she went into the house, you would know what he thought of her. Listen, "Let your light shine before men." There is no light shining without sacrifice. If we are to be at our best and live our best life, it will be by sacrifice. It was the breaking of the earthen vessels on the Mediterranean plane that let the light flare from 300 lamps and gave Gideon victory.

"I hold it true with him who sings, 'Saves to higher things.' That men must rise on their dead bodies, as it were. You must say 'goodbye' to some things and wade into the battle of your life, but the greater the battle the more glorious the victory. The true note of every great life is

"Out of my darkness and into Thy light."
Jesus I come, Jesus I come;
Out of myself and into Thy life.
Jesus, I come to Thee."
Tonight the subject will be "How God Gives Us Souls." Come and get into a good meeting.

COLUMBUS AUTO SHOW

In the advertising columns of this issue there appears the announcement of the Columbus Automobile Show which will be given in that city, in Memorial Hall, commencing Saturday evening, January 30th, and extending through all of next week. The show will be open each day from ten o'clock in the morning till ten o'clock in the evening. All the leading makes of automobiles of all prices and a complete line of accessories will be shown, which will afford an excellent opportunity for everyone in Central Ohio who contemplates the purchase of an automobile to make desired investigation.

Y. W. C. A. Business Girls Supper

It was a jolly bunch of girls that congregated at the Y. W. C. A. hall last evening to partake of one of the famous suppers the business girls have been serving there each month this winter. The friendly and happy atmosphere that pervaded the Y. W. C. A. hall last evening is proof enough that all the girls enjoy every minute of these affairs and anxiously look forward to the next supper and the social hour that follows. The splendid manner in which the committees in charge manage their suppers is worthy of much praise; for not only is the menu well planned and deliciously prepared, but the business phase of the supper is also carefully managed. Each girl who sits down to the supper has long before paid her supper fee to the committee in charge and the committee in turn serve a very delicious supper (one hundred and twenty-five girls sat down to Tuesday night's supper and the happy look that pervaded every one's countenance spoke assurance "We are coming back to the supper again next month."

The following menu was served:

HOUSEHOLD DUTIES AND FAMILY CARES

severely tax a woman's strength, and when wife or mother complains of fatigue, nervousness or loss of appetite she needs rest, and building up. The first thought should be Scott's Emulsion, which is the pure food-tonic that family physicians have prescribed for forty years for just such conditions. Its wonderful nourishing force works in unity with nature to overcome languor, fill hollow cheeks, enrich the blood, and restore the healthy glow. There is no stimulating alcohol or stupefying drug in Scott's Emulsion; it is a pure, rich food-medicine and every drop yields direct returns in creating strength. For overworked, nervous women nothing equals or compares with Scott's Emulsion, but be careful to avoid the alcoholic substitutes.

gan coming in, and thus helped to swell the chorus that had formed around the piano where Miss Emma Lindemeyer and others were entertaining the girls with music. When the call for supper came, 125 happy girls found their places at the five long tables that were beautifully decorated for the occasion. In the center of each table was a large Japanese basket artistically filled with gay colored artificial flowers which Mrs. Reider of the Woolworth store had secured for the occasion. The special guests of the evening were the foreladies of the course of the supper, Miss Janet Taylor gave a toast to the special guests. Miss Hemmings, the general secretary, gave a short talk, announcing to the girls that new classes in German and French, to be taught by Miss Crissberry, were to be formed and also new classes in dressmaking and ladies' tailoring to be taught by Mr. Adam Stahl. The other classes of millinery, cooking, gymnasium and sewing will continue as usual. On Friday evenings a Kensington club will meet to which every one may come, no admission fee to be charged.

After the supper, the girls enjoyed a social hour together with singing, music and chatting, after which one of the basketball teams put on an exhibition basketball game, which the girls thoroughly enjoyed.

The committee in charge of Tuesday night's supper received much praise for their efforts and especially Miss Louise Eastman and her committee, who secured fifty-seven paid supper fees.

If there is any girl in Portsmouth who wants to have a good time, or who wants to get acquainted with a jolly crowd of girls who believe in having and in giving wholesome fun, let her come down to the next Y. W. C. A. Business girls' supper at the Y. W. C. A. hall, Second and Court streets.

TOBACCO ADVANCES

Vanceburg, Ky., Jan. 27.—The loose leaf warehouse tobacco sales here today show a slight advance in prices over previous sales since the holidays. Prices ranged from \$1 to \$15 per 100 lbs., about 50,000 lbs. being sold, with few rejections. The market was lively and growers and buyers alike expressed satisfaction.

Mayesville, Ky., Jan. 27.—Total tobacco sales here today, four houses reporting, were 476,065 lbs., as follows: Farmers and Planters' Warehouse, 177,720 lbs., at from \$1.50 to \$5.00, the latter figure being from crop sale of 4,500 lbs. grown by Andrew Bierlein, near Mayesville, one basket selling at \$40 and the average being \$16.83; Amazon Warehouse, 67,765 lbs., at from \$1 to \$18; Independent, 192,580 lbs., at from \$1.50 to \$3.00. The market was not firm and the quality not up to usual.

Forger's Hearing To Be Held Thursday

The preliminary hearing of Chas. Chestnut, the chameleon, who turned check forger to raise money with which to enter a sanitarium for tubercular patients, will be held in the mayor's court Thursday morning at 9 o'clock. The affidavit filed by Samuel Borchow, of the Samuel Borchow company, before Chestnut had been captured, will be used against him. Meanwhile, Chestnut languishes in the county jail. Dr. W. W. Smith, city health officer, reported to the safety department officials Monday that he had examined Chestnut and found him in such condition with tuberculosis as to preclude his admission to the state hospital at Mt. Vernon. He suggested that instead he be sent to the state hospital at Springfield. "That will suit me better, anyway," said Chestnut and he was warranted over to the county authorities. Supt. John Adkins, of the county infirmary, was to have looked him up Tuesday.

PAYS \$5 ON \$2 LOAN

A young woman whose whole general appearance bespoke the up-hill fight she is waging for an existence, won the pity of police officials Tuesday. She had called to learn the maximum rate of interest loan agents may demand. She was informed that not over 6 per cent where there is an existing agreement and not over 8 per cent otherwise.

If developed her husband had borrowed \$2 something over a year ago, and although they had been paying weekly installments of 10 cents ever since, the agent was still insisting the account was not yet closed and unless it was very shortly he would garnish the man's wages. The mayor felt that inasmuch as they had surely paid the agent over \$5 on the \$2 loan it could not be more than 25 or 30 cents that they could possibly still owe him and advised the woman to call on the agent and learn exactly how much had been paid on the loan and the rate of interest that was charged.

BAD, IF TRUE

Action has been brought to oust one Prentiss from his recently assumed place as common pleas judge of Henry county on ground of corrupt practices, the allegation being, that as an inducement to the electors to vote for him, he promised he would not draw a substantial part of the plethora salary attached to the position and thus two or three thousand dollars would be saved the tax-payers each year.

It is unwritten whether the good burghers of Henry placed about store by his promise, or small estimate on his ability, any-wise, notwithstanding the splendid inducements he offered, his election was secured by less than a hundred majority. Ample sufficient, however, for his purpose and the provocation of a lawsuit of which he finds himself at the butt end and which is likely to become famous in Ohio legal lore.

Precedent, which may or may not guide the courts may be found in a Missouri case. In the famous county of Callaway, a candidate for the office of sheriff, which was then worth about five thousand dollars a year, promised the voters that if elected he would turn back into the county treasury all but one thousand dollars. He was elected, but upon suit, he was ousted from the office on the ground that his promise was bribery. No such thing as a corrupt practice act, with its broad and comprehensive provision against any sort of financial inducement to the voter, was known in those days, but Ohio has one now and it seems would afford a better ground for ouster, if the allegations against the Henry county judge can be proven than was found in the Missouri case.

THE EVEN HAND

Germany complains the United States is violating the laws of neutrality by allowing England to buy her ammunition and other things, contraband of war; England complains we are aiding and sustaining Germany by selling her provisions and copper and cotton, both of the latter of which are essentials in providing material for warfare.

These protests may be esteemed as the highest testimonial of the impartial neutrality of the Wilson administration towards all the belligerents, for when each party to a contest asserts an outsider is favoring the other there is the absolute proof that he is impartial.

And, by-the-way, this word neutrality is much misunderstood, or rather commonly misinterpreted, according to the interest or bias of those using it.

When two nations go to war and a third declares its neutrality between them, all that is understood is that it will give aid and comfort to neither and do no hostile act. It does not mean it will cut them off its visiting list, so to speak, or refuse to trade with them. It is at liberty to sell its products to both belligerents, just the same as it was before war was declared, with the exceptions of such things as its armament and navy. But even this limitation does not apply to the private citizen. If an adventurous American can run the blockade the English and French have set in the North sea and get arms and ammunition to Germany, his act will not make this country responsible for breach of neutrality. Denmark, Holland, Sweden and Norway are selling to Germany horses and other requirements of her armies, but we hear little or nothing about that. It's perfectly legitimate.

In this country the same act is entirely different, and the eternal and infernal matter of politics makes the difference. Presidential organs and politicians are trying to set the trap both ways so as to be sure and catch President Wilson. But they fail. He is holding the government to an even hand play and the common sense of the people will see that.

There is a great deal of independent voting and ticket-scratching in these progressive days but we imagine anyone running on the ticket headed by Henry Ford would stand a pretty good chance of election says the Ohio State Journal. Yes especially if the misunderstood gentleman temporarily detained in the Elysian pleasure resorts formerly known as penitentiaries, are allowed the privilege of voting.

In line with the tendency of the times to make heroes out of murderers and saints out of thieves, we suggests that they also be allowed the privilege of voting by mail.

AU'ULTIMATUM

MORE AS TO CREAMER

It occurs to us that Governor Willis could do nothing other than would so much discredit his administration at the start, as this selection of D. Staley Creamer for one of the biggest jobs he has to give out of hand.

Creamer is a political renegade and an ingrate to party and political friend. Made state treasurer by the Democrats, when the revolution against the grafting in that office was at its height and professing a constant passion for reform, it was later shown he was not averse to a little easy picking on the side, which he was compelled to return. Because he was not given a fat job by the Cox administration he bolted every nominee on the state Democratic ticket, and the common belief will be he is now receiving the price of his treachery.

It is comforting, mighty comforting right now, for The Times to recall that having taken the measure of D. Staley Creamer during his first term as state treasurer, he refused to support him on his second nomination and openly declared his unfitness for a place of public trust.

Often a full purse goes with an empty head.

The best way to get out of a tight place is to sober up.

If a man marries a widow it's because she originated the thought.

A lover's quarrel and a small boy's trousers are soon patched up.

We would have more ideal cities but for the scarcity of ideal citizens.

A self-made is as proud of the outcome as he is of his income tax.

If the silly actions of a man are not due to his being in love, they are probably natural.

THE TEACHERS

(Washington Gladden, in Atlantic.)

It may be safely said that many schools in which morals are never taught from textbooks or by formal exercise furnish a most stimulating drill in the higher and finer moralities every day. Many of us know teachers who, without much preaching, convey, in all their intercourse with their pupils, the influence and qualities which purify and invigorate character. A considerable acquaintance with teachers impresses me with the belief that the feeling of their responsibility for the moral welfare of their pupils and their appreciation of the values of character are steadily deepening among them. No profession is so sacred that shallow and self-seeking persons do not find a place in it; but I believe that as much

MOTHER McGREW AND KATE KANGAROO

Kate Kangaroo was the liveliest child That you ever heard of, no doubt; She couldn't keep still, but would hop, skip and jump Till she very near wore herself out.

Each day when the animals came to their meals They'd almost be frightened to death At the way Katie Kangaroo came into the room; She always hopped in, out of breath.

On Sunday the animals walked off to church, And often they all had to stop Till they got Katie Kangaroo back into line. She just wouldn't walk—she would hop!

Then Mother McGrew would say, "Kate Kangaroo, I've scolded you time and again; I know that the hopping you do every day Is bound to be bad for your brain."

But Katie was willful and so would not try To walk in a ladylike way, Till finally an accident happened to her When she went to a party one day.

If there's one place on earth where you'd try to act nice, A party's that place, it would seem. But Katie tried to hop from the door to her chair And upset the pail of ice cream!

Then Mother McGrew led her out by the ear, And took her off home double quick. "Since you like it so well, you shall hop all your day," And she tapped her three times with her stick.

A hop now and then is all right in its place, But it certainly does seem to me That to have to hop always as Kangaroos do Would be tiresome—just try it and see.

morning until night, And I would smile, in spite of all, although it killed me quite.

I got along first rate until there came, quick as a wink, The flood of New Year's bills that always put me on the blink.

I've gone back to the state of mind that I have known of yore, I'm just as much of a grouch as I have never been before.

Disappointment.

I tried to start the New Year right and be a friend to man. I said I'd curb my temper and try out the gentle plan.

I bade farewell to every grouch when this New Year came in. I was to be good-natured and to hold wrath as a sin.

"Speak softly" was the motto that was meant to grace my wall I wouldn't hold a single thing against the world at all.

THEY ARE ALWAYS THERE

Admiral Beatty, of British navy, is twice its hero and the present war idol of the Allies. For twice has he encountered parts of the German fleet in North sea and each time has he won victory.

"There's a reason" for this. The wife of the brilliant admiral is an Ohio girl. Maybe she wouldn't admit since the admiral, then a gallant and dashing captain, sailed across the sea and making a raid as far as Chicago, carried her as a willing captive and his bride back to England. Nevertheless, her folks were Buckeyes and she is a descendant of that Wonderful merchant prince, Marshall Field, whose home was originally in Ironton.

Of course, she is the inspiration to all her husband's brilliant achievement, for being a Buckeye girl how could it be otherwise!

We never heard of a man, who, after begging for an office, called around to the paying office after he got installed and offered to pay some of his salary back because work was light. But we never fail to hear of the patriots yelling their lungs off for help if they find themselves confronted by a little real work. Why don't they do like the rest of us and dig in and do the best they can, taking the bitter with the sweet?

ACID IN STOMACH SOURS THE FOOD

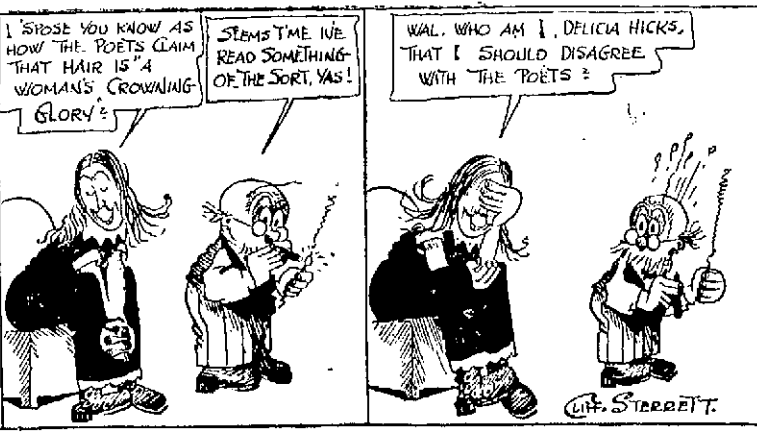

Says Excess of Hydrochloric Acid is Cause of Indigestion.

A well-known authority states that stomach trouble and indigestion is nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals soon turn into a mass of gas, forming acids and gases which irritate the stomach like a toy balloon. We get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas or have heartburn, flatulence, water-brash, or nausea. He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices. Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

NEW YORK STOCKS

New York, Jan. 27.—Unexpected suspension of United States steel common dividend provoked heavy selling and sharp declines in today's stock market. Losses of 2 to 4 points were general, leading shares greatest weakens.

Selling was resumed in the latter trading, but rallies of a point in Union Pacific and Reading imparted a better tone to the final

exchange was closed, sales of steel were reported at 46. Steel preferred added to its initial decline, selling at a little over a point from its minimum. Reading, the Hill and Harriman shares Pennsylvania, Canadian Pacific St. Paul, and New York Central sold lower, also Amalgamated Copper, Smelting and some less prominent issues. Slight recovery was made in the second hour on a delinquent volume.

Passing of the dividend on U. S. Steel common yesterday had an unsettling effect upon the market at the opening. Steel was only lightly traded in, but fell from yesterday's closing price of 51 1/2 to its minimum of 49 without an intermediate sale. The preferred stock whose dividend remains unchanged promptly fell 1 1/4 points. Throughout the active list there were losses of 1 to 2 points, Reading, Canada Pacific and the transcontinentals being weakest. The decline extended to Steel Sinking Fund bonds which fell half a point.

London range for Americans was higher than the local markets, steel being the only issue to show market heaviness there.

Trading in the first hour aggregated 140,000 shares, equalling

from one-half to a point lower.

Floyd Lewis was given a preliminary hearing before Mayor J. S. Davis Wednesday afternoon. After comparing the handwriting on the two checks with that of Lewis and Hurvey Dorf, Lewis was bound over to the common pleas court under a \$1,000 bond. In default of bond he was returned to jail. Dorf was dismissed.

He did not see the last check for \$35 which was cashed the day before the forgery was uncovered.

After getting the money so easily for the first check Lewis went to Cincinnati where he stayed until January 18th, when he returned to the village and took up his abode at the Taylor Morgan home. Lewis told Emmert Tuesday that the reason he cashed the \$35 check was because he got away with it so easy the first time. The blank checks were taken from the

arrested Friday for alleged forging John Emmert's name to a check on the First National Bank for \$75.50 on January 12th, admitted to Emmert Tuesday he cashed the check and also another for \$35 on January 19th, of which Emmert knew nothing about.

Tuesday Lewis told the officials they say, that Harvey Dorf wrote the checks which he cashed, and Dorf was held, as he was at the mayor's office at the time. The checks were made payable to H. E. Marting, whose name was indured on the back of the checks. Marting is supposed to be the name of a man in Cincinnati, for whom Lewis formerly worked. Dorf claimed to know nothing of the checks and was later dismissed.

The check for \$75.50 was cashed the day Phil Emmert died. Lewis said that Emmert's check book one day his father died. He befriended the two men on December 28th, when they returned from Cincinnati. They staying at the Emmert home until January 15th.

Dorf played football on the New Boston Tiger football eleven and was always a friend of John Emmert.

It was first thought that the checks were in the hand writing of Mrs. John Emmert, but she knew nothing of them. Lewis later apologized for saying that Mrs. Emmert wrote the checks, saying that he said that only to get to stay in the village over night, from which he hoped to escape with the help of Dorf.

Two hoboes were locked up Tuesday by Marshal Will I. Davis who claims to have found the pair trying to help Lewis escape Monday night. Lewis had several boards torn from the ceiling of the

money was wanted to purchase new clothes. The forgery was not discovered until January 21st, when Emmert went to the bank to check up his account. He looked through the checks and at once detected the \$75.50 fraud.

Lewis took a pair of ear rings and a gold watch pin from the John Emmert home after he returned from Cincinnati, but Dorf returned the jewelry, taking it from Lewis' clothes.

Bids For New Dam

Cincinnati, Jan. 27.—Colonel Henry Jorger, in charge of Cincinnati District No. 1, Corps of Engineers, yesterday received bids for the construction of the proposed \$1,000,000 lock and dam to be located three miles above Maysville, Ky., in the Ohio river.

The lowest bidder was the Bates & Rogers Construction Company, of Chicago, which is now constructing a dam in this district. Its bid was for \$972,544.00. As it is hoped to start the work on the new lock and dam as soon as the season opens, it is expected that the contract will be let before March 1.

Hells are hunted at Steubenville, Ohio, with a comparatively small plant in this city. The Wheeling company owns the Top Mill and Belmont Mill in Wheeling, and its largest plant is located in Benwood, West Virginia.

COASTING ACCIDENTS

MAYOR WARNS COASTERS TO BE MORE CAREFUL

The frequent accidents that have attended coasting on the hill-top streets caused Mayor Frick to round the following note of warning Wednesday:

"Pedestrians should be watchful before and while crossing such streets as Offshore, North Waller, Lincoln, Park avenue, Hutchins, Grandview or any of the many streets that are being used by coasting parties.

"Coasters should be watchful for pedestrians, motor or street cars

Rise In Temperature Will Halt Coasting

The sudden rise in the temperature caused a general thaw throughout the city Wednesday and practically spoiled the icy "speedways" on Lincoln Hill and the Sunnyside Addition, which had furnished so much sport to the lovers of real coasting. "Old Sol" beat down with March like warmth today and the snow and ice that covered the temporary "speedways" so densely, populated by merry coasters the past few days, were soon converted into heavy slush.

Jake Plau's Trotter Is Seriously Injured

Jacob Plau's fine trotting mare, "Jean," will be disabled for several weeks from an injury received in a runaway Tuesday afternoon. The mare, which was hitched to a cutter, became frightened at Odessa and Gay streets when a drow bar broke loose and fell upon its hind legs, and ran several squares before it could be stopped at Eighth and Chillicothe streets. The tendon in its right hind leg was cut when the bar

MANY ACCIDENTS UP IN IRONTON, O.

Coasting in Ironton has been attended by a number of accidents in which participants were more or less seriously injured.

Mrs. Mattie Varnum, of Park avenue, and little Barbara Phipps, of North Fifth street, were injured, the former receiving a badly injured shoulder and the latter a sprained ankle and a bad cut in her head. Miss Phipps was taken to a hospital.

Miss Elsie Layne, of Coryville, sustained a broken nose and Miss Griffin, of the same place, was badly injured about the body.

Harry Colley, a plumber, sustained several bad cuts about the head, legs and shoulders. Misses Daisy Lambert, Roscoe Freeman and a young man named Stewart were also painfully injured.

Other victims are Misses Anna Anderson, Gertrude Bull, Edna Demmon and Eva LeBlanc. All of the accidents resulted from collisions between sleds on the sidewalk and the street.

Coast on Washington Street. The Washington street hill between Second and Third streets, was lined with coasting parties Tuesday evening. They were composed chiefly of High School girls.

On Sinton Street. The Sinton street hill between Front and Second streets has become the favorite rendezvous for "South Side" coasting parties. The past week the stentorian voice of that dame nightly rises above the din.

and other vehicles at street crossings, not overlooking or losing sight of the danger occasioned by way of accidents arising from persons pursuing such pleasure. This caution to the end that your enjoyment need not be interfered with by the department or marred by the loss of life or limb.

"We realize that such rare pleasure is but seldom possible and believe that those who care to participate ought to take advantage thereof, even though at slight disadvantage to others."

AGED WOMAN INJURED

Mrs. Melinda Cameron, mother of Charles Partlow, of the hilltop fire company, with whom she makes her home at 1314 Lincoln street, was knocked down and painfully bruised by a sled within a few feet of her home about 5:30 o'clock Tuesday evening. She was crossing the street to her home when the sled, ridden by a young coaster, crashed into her, knocking her down with considerable force.

Bystanders assisted Mrs. Cameron to the office of Dr. O. H. Micklethwait nearby, where an examination showed that she had sustained an ugly gash on the forehead, about two inches long, and badly bruised shoulders. After her injuries were dressed, she was assisted to her home. Mrs. Cameron is over 70 years of age.

Coasters Run Into Wagon

A coasting party coming from Sunnyside ran under an American Steam Laundry wagon in charge of Van E. Storer at Waller street and Kinney Lane Tuesday afternoon. Fortunately the mule team stood perfectly still and all of the young people escaped injury.

BOY'S ARM BROKEN

The name of another victim was attached to the list of coasting accidents when Charles, son of Mr. and Mrs. Frank M. Bagges, of 1628 Grant street, was thrown from a "hoisted" Tuesday night with sufficient force to fracture his left forearm.

The accident took place last night at 8 o'clock on the Lincoln Hill. D. A. R. Micklethwait and D. A. Berndt were called and reduced the fracture. Charles' brother, Frank Bagges, Jr., was also on the sled, but was uninjured. A big sled got directly in front of the Bagges sled and when it broke in two the Bagges sled crashed into one half of it and all the occupants of the sled were thrown to the ice coated street, but Bagges was the only one injured.

Some little child had a narrow escape from serious injury about 7:30 o'clock Tuesday evening while coasting down the terrace at the high school building. Her sled glided off the sidewalk onto Galley street in front of an Interstate automobile bus, while the driver stopped just in time to prevent a collision. The child's father failed to heed the warning of bystanders and sent the sled on its downward journey which came close to having a serious end.

Fired On Sleighting Party. Two pistol shots were fired at a sleighting party at Seventeenth street and Kinney Lane late Tuesday night, according to a report made to the police. Officers investigated, but were unable to learn the identity of the persons composing the party or obtain any clue to the gun user.

SOCIAL NEWS

The home of Mr. and Mrs. E. S. Kent, of 1309 Summit street, was the scene of a delightful surprise party Tuesday evening, in honor of Mrs. E. S. S. Kent and daughter, Eunice, Bello Castor. The hostesses received many useful presents. Refreshments were served by Miss Anna Cooper, assisted by her sister, Mrs. Hatfield. At a late hour all departed for home, wishing the hostesses many more "happy birthdays."

Judge Blair's class of the Second Presbyterian Sunday school will give an elegant chicken supper in the church basement on the evening of Thursday, February 4th. That same evening Mr. Klemmenschneider, of Cleveland, will give an organ recital in that church under the auspices of the Ladies' Musical.

The Second Vandeville Troupe will go to Rarden this evening to give an entertainment. Messrs. Ralph Hawkins, Basil Hargrove, Claire Gaffey and Mr. Jackson are the quartette; Miss Adelaide Blake, violinist; and Mr. Harold Walker, pianist.

Mrs. Minnie Anstead, who recently underwent an operation at the Hempstead hospital, is so much improved that she has again taken charge of the headquarters of the Associated Charities on Gay street.

The H. B. C. was entertained Monday evening at the home of Miss Freda Brunner, where there were present: Misses Gertrude Franz, Edna Schaefer, Tillie Doursford, Rosetta Emmett, Elsie Wagner, Marie Brunner and Norma Petry. Fancy work was followed by refreshments. The next meeting will be held in two weeks at the home of Miss Elsie Wagner.

Allen Spry, who recently sold his house on Sixth street, has bought a cottage on Offshore street, between Third and Fourth streets, from Louis Reinhardt.

Mr. Warwick W. Anderson will leave Saturday on a business trip to New York to buy spring goods for the Anderson store. During his absence Mrs. Anderson and sweet little daughter will visit her parents in Chicago.

Miss Anna Deba's home on Harvard Place, was the scene of an enjoyable meeting of the Fire Hand-dred Club last evening, when the members present were Misses Ruth Craighead, Irene Pugh, Virginia Fairbanks, Edna Arthurs, Messrs. Leo York, Dick Pratt, Harrison Sugden, Frank White and Mr. Ginechel. After the game duty refreshments were served. The next meeting will be held in two weeks at the home of Miss Virginia Fairbanks, on Timmonds avenue.

The Women's Missionary Society of the Hutchins Street Baptist church will meet Thursday afternoon at the home of Mrs. James Bennett, 11116 Monroe street.

Miss Dorothy Kinsey will leave next week for Colorado to spend the remainder of the winter near Denver. She will be accompanied by her aunt, Miss Mary Kinsey, of Washington, D. C.

Mrs. W. M. Hasselman, of New Boston, and Mrs. Frank Hasselman, of Center street, have returned from a visit at the home of Mr. Edward Hasselman, in Chillicothe.

CHURCHES WILL HELP BOOM KLEIN LECTURES

Committees will be named by various churches in Portsmouth to act with the committee appointed by the Building Trades Council Committee in arranging for the lectures which will be given by Nicholas Klein in Trinity church on the afternoon and evening of February 2nd, for the benefit of the unemployed. Mr. Klein, who has a wide reputation as an orator, will donate his services, and all money made will go to the needy in Portsmouth.

Trinity church has named the following committee: M. G. Bender and James Pfeiffer. Christian church: John Williams and O. D. Morgan.

It is expected that Manly Methodist and First Baptist church will name their committees tomorrow, and other churches are also expected to join in the movement.

Tickets are now on sale at New Boston at Coburn Bros. drug store.

CARD OF THANKS

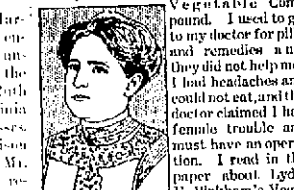

We wish to return our sincere thanks to both relatives and friends for their kindness and sympathy shown us during our recent sorrow, the death of our beloved mother, Mrs. Anna Seymour. THE FAMILY.

The accounting department of the Portsmouth Steel Company will be the last to be moved out of the First National bank building. These offices will be moved to the New Boston plant Tuesday.

TWO WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Chicago, Ill.—"I must thank you with all my heart for Lydia E. Pinkham's Vegetable Compound. I used to go to my doctor for pills and remedies and they did not help me. I had headaches and could not eat, and the doctor claimed I had female trouble and must have an operation. I read in the paper about Lydia E. Pinkham's Vegetable Compound and I have taken it and feel fine. A lady said one day, 'Oh, I feel so tired all the time and have headaches.' I said, 'Take Lydia E. Pinkham's Vegetable Compound' and she said she felt fine now."—Mrs. M. E. KASCHNICK, 1238 N. Paulina Street, Chicago, Illinois.

The Other Case. Dayton, Ohio.—"Lydia E. Pinkham's Vegetable Compound relieved me of pains in my side that I had for years and which doctors' medicines failed to relieve. It has certainly saved me from an operation. I will be glad to assist you by a personal letter to any woman in the same condition."—Mrs. J. W. SUGRAN, 126 Cass St., Dayton, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Insurance Company Is In Good Shape

Cheering news to the local stockholders in the Columbia Fire Insurance Company of Detroit was brought back by George J. Kricker, cashier of the Central National Bank, who has just returned from the annual meeting of the stockholders and directors of the company, held in Detroit.

During the meeting it was announced that the financial affairs of the company had been carefully audited by an accounting firm of New

York City and found to be in a most excellent condition. Though new in the field, the company enjoyed an unusually large and prosperous business during the past year, and it was freely commented upon that it had the brightest future ahead of it of any of the newer companies.

It is estimated that between \$25,000 and \$50,000 worth of stock in the company is held by local stockholders.

Fultz Brothers Are Held To Grand Jury

Albert and John Fultz, brothers of this city, were tried yesterday at Maysville, Ky., on a house-breaking charge, and held to the Mason county grand jury, which sits in March. Being unable to give \$300 bail, they are now in jail at Maysville.

The Fultz boys were charged with breaking into the Frank McHugh residence and stealing various articles.

They were arrested on their household, and with them were found Lela McGraw and Ella McGraw, of Lewis county, Ky. The McGraw girl testified she had been with Albert Fultz about two months and the McGraw girl said she had been with them three weeks.

The shantytown was sold Tuesday and the girls sent home with the proceeds.

Taxi Firm Is To Have Modern Headquarters; Will Later Use Truck

Many innovations are being planned by the Independent Taxi cab Auto and Baggage company, which has its headquarters on Ninth street near Waller.

The new home of the taxi company is in the hands of Marsh Bros., contractors, who are busy laying a cement floor. Within a few days an office, elaborately finished will be placed in the front of the building and the company's rapidly growing trade will be directed from these headquarters.

As soon as the garage is completed the company will have room for storing automobiles as well as their own machines. They will also be prepared to handle trucks.

It is planned by the firm, as soon as possible, to use a truck in their service for handling trunks. The firm claims the original idea of "quick taxi service." A taxi can be secured at all hours of the night or day. Special attention is being given lampets, dances and entertainments, shopping and sight seeing tours, business calls and physicians calls. All incoming and outgoing trains are also made.

With their four taxis the firm is in position to give the city an excellent taxi service.

J. B. Frostick is president of the new firm, W. A. Stockham is secretary and treasurer while S. K. Parker is manager. All three of these men have had much practical experience in this line of work and are prepared to accommodate the public. By calling Home phone 382 or Bell phone No. 6 the headquarters of the firm can be reached and a taxi is at the public's command.

No job too small. No contract too large. Walters Plumbing Co. adv.

The Movies

Lyric Theatre

"Paid In Full," a masterpiece, will be the feature for tonight. Everybody knows of this splendid play and picture. It was one of the greatest dramas ever staged, running for five successive seasons on Broadway and was the most talked of play in the world. The picture is all it ought to be. Truly Marshall and a cast including members of the original production, make up the cast in the picture also. The Famous Players company made the picture under the direction of Augustus Thomas himself. The admission will be one cent and Davidson's orchestra has arranged a special musical program to play with it. Another great picture this week at the Lyric will be Kathryn Williams in "The Story of the Blood Red Rose" in three parts. Everybody who has seen this picture says it is the greatest in her career.

At Temple Theater

An exceptionally strong program will be shown at the Temple tonight, entitled "The Political Foul," showing that in the matter of opportunities all are not born free and equal. In addition to the big feature there is a very funny Keystone comedy entitled "Hogan's Annual Spoof" and a Majestic named, "In W. L. Man's Land."

At The Exhibit

"The Warning" is the feature being offered at the Exhibit today. The story is told in three parts. Tomorrow's offering is a Keystone comedy entitled "The Sea Nymphs." It is one of those good wholesome comedies which has made the Keystone pictures famous.

For Friday Manager Law has secured one of the highest features that has ever been brought to this city. The title is "More Than Queen" and is shown in four reels. It is a hand-painted picture. In addition to this great picture, Manager Law has arranged to enhance the program with the aid of an orchestra. Miss Julia Law will play the piano, Chris Hansen, the violin, James Gilbert, the cornet and Joseph Laidick, the flute.

POLICE NEWS

W. M. Williams, who was recently bound over to the grand jury for alleged disposing of his brother's team of horses to John Briggs, was released from the city prison Tuesday night.

While the charge still stands against Williams, the main object in holding him was to try to have him reveal the hiding place of his father, John Williams, for the alleged murder of a farm tenant, John Spradling in Clinton county last July.

The \$10 fine and costs imposed upon Tom Moore for stealing a raggy robe belonging to James Maywell were suspended by Mayor Prick Wednesday, the robe having been returned to the rightful owner while Moore reimbursed Hucker Carson, of Stockdale, to whom he had sold the robe for one dollar.

Ed Cook, who was arrested for assaulting a boy named Roy Hickman at the front street mission Tuesday evening, failed to appear in police court Wednesday morning, as promised. Cook struck the boy on the jaw when he talked back to him after Cook said he looked more qualified to join the "Starvation than the Salvation" army.

REV. M'AFEE HONORED

The Rev. T. H. McAfee at a recent meeting of the Board of Managers of the Ohio Baptist Convention was elected a member of the board. Rev. McAfee was notified of his appointment Wednesday by C. J. Ross, secretary of the Ohio Baptist Convention. The meeting was held in Columbus.

MOTHERS' CLUB TO BUY VICTROLA

The Mothers' Club of the Eleventh street school, met at the home of Mrs. Daisy White Monday afternoon to take up unfinished business from the last regular meeting which was held Friday afternoon. The mothers have planned to give an entertainment in the near future and the money to be raised will go towards buying a victrola for the school. A committee was also appointed to canvass the city and call upon every mother and use every effort possible to make the Mothers' Club one of the best organizations in the city. Other important committees were appointed, also the mothers decided to have a bake sale on February 3th. Pies, cakes, rolls Tuesday evening, having been decided bread will be on sale in Wm. played by main connections at McConnell's grocery. The club

PAIN GONE! RUB SORE, RHEUMATIC ACHING JOINTS

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say "Jacks Robinson" out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappears and doesn't burn the skin. It takes pain, soreness and stiffness from the aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia. Lather up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't look old! Try Grandmother's recipe to darken and beautify faded, lifeless hair.

That beautiful, green shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it falls, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur restores its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 60 cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

Fireman "Takes Chance" And Balks A Nervy Negro Footpad

William Turpin, an N. & W. fireman of No. 2104 Ninth street, was the victim of an attempted holdup at Mahert road and Gallia pike about 2 o'clock Wednesday morning.

Mr. Turpin had been called out for an early morning run on an eastbound freight train and as street cars had stopped running he walked out the pike, when he suddenly confronted by a tall negro, who commanded him to halt and surrender his money.

Turpin decided to "take a chance" and having no weapons took to his heels, running towards the railroad yards and succeeded in escaping from the highwayman. Police were notified later but were unable to find any trace of the robber.

Mrs. Turpin, wife of the trainman, did not learn of the attempted holdup until informed by "Times" and was greatly relieved when assured that her husband had escaped harm.

Backslider Scored

"The Backslider" was the subject of Rev. Rochester Irwin's sermon delivered in the Sciotoville Christian church Tuesday night. The church was completely filled and the services are growing in interest.

The evangelist prefaced his discourse by showing that disloyalty to the lodge, nation or the marriage is a serious thing, but backsliding was even worse and is not tolerated in any church. Rev. Irwin cited these causes as leading to backsliding: Carelessness in regard to reading the Bible, carelessness in regard to church attendance, carelessness

in regard to prayer life the trolley arm, which connects with God's omnipotent power, unwillfulness or neglect to place church membership, attending worldly amusements and pastimes and trifling with one's conscience.

Rev. Rochester, who was at his best and delivered an able sermon pointed out the following results of backsliding: A loss of self respect, a loss of time, a loss of hope and a loss of heaven.

Mrs. Irwin, who is a great help to her husband, sang two pretty solos. The subject tonight will be, "Chin's Questions."

Want Miss Summers To Aid In Campaign

Miss Lulu E. Summers, teacher of domestic science in the public schools, is in receipt of a letter from Mrs. John J. Hoppes, president of the Springfield (O.) Y. W. C. A., urging her to come to Springfield to take charge of the annual budget campaign, which will be inaugurated within a few days.

Miss Summers managed a similar campaign in Springfield last year, which netted \$6,000 in four days, and her success at that time explains why she has been asked to lead the forces again. She will be unable to accept, as her position as domestic science teacher in the school does not permit of her absence at this time. Besides, she is teaching the classes in domestic science and cooking at the local Y. W. C. A.

Mayor Gives His Views On Taxation

The mayor is in receipt of a copy of a letter issued by the Ohio Tax League to the Ohio Municipal League and the mayors of all Ohio cities urging a more equitable distribution of the tax burden.

The letter says in effect that Ohio's tax laws are out of date and entirely unsatisfactory. Cities do not spend too much money, but they collect it from the few. If all paid their fair share, the cities would have more revenue and the dishonest burden now put upon the home owner and the farmer would be corrected. It is easier to collect taxes from personal property than from real estate. Our methods are incorrect. It is simply to pass new laws which will provide more revenue, reduce the dishonest burden upon real estate, do away with the disguise of tax evasion and perjury, and provide a system under which all will be satisfied.

To this the mayor replied as follows: "Whenever the fundamental laws, the constitution of our state, is so changed as to limit the

amount of money that can be assessed against all classes of property alike, over which the legislature assume authority then your taxation laws will be firmly and fairly rooted. What we most need is that constitutional guarantee that rates can not exceed a certain maximum by legislative act, classification or otherwise."

Paper Box Men Meet

Mr. and Mrs. T. M. Patterson left Tuesday afternoon for Cincinnati, where they will be guests of the Binton Hotel. Mr. Patterson's mission in Cincinnati is to attend the annual meeting of the Western Paperbox Association, which will be in session several days.

Wants Sons To Aid Father

The mayor has addressed letters to Jesse and Sylvester Carrington, advising them that their father had reported he was in need of food for himself and wife. The mayor had told him that before he accepted charity from the city that his sons ought to be willing to properly help after the parents' wants. The mayor urges the sons to call at their father's home.

IS YOUR DAUGHTER PALE?

Does she inherit a delicate organization from you? The anemia of young girls may be inherited or it may be caused by bad air, lack of proper food, insufficient out-door exercise, lousy and irregular eating and not enough rest and sleep. It comes on gradually, beginning with languor, indigestion to mental or bodily exertion, irritability and a feeling of fatigue. Later comes palpitation of the heart and headache. In a majority of cases constipation is present. Often the patient craves sweetened cereals, such as starch or chalk. There may be no loss of flesh but the complexion takes on a greenish-yellow pallor.

There is no need to worry in a case of this kind. The treatment is easy and simple. Dr. Williams' Pink Pills, non-sedative and free from any harmful drug, are just the tonic to remedy this condition. Improvement begins with the first dose. As the blood is made rich and red the peculiar pallor leaves the face, strength and activity gradually return and if the treatment is continued until the last symptoms disappear the danger of relapse is slight.

A booklet, "Building Up the Blood," which tells all about this treatment, will be sent free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y., or Druggists Dr. Williams' Pink Pills.

TWO HURT IN N. & W. WRECK

A serious freight wreck occurred Tuesday near Waverly, W. Va., when N. & W. freight train No. 29 collided with a work train. Fireman John Harris, of Crews, W. Va., was injured and was taken to a Norfolk hospital and Engineer John Schaubach was slightly injured. The pilot

of the engine drawing the freight train was knocked off by the collision and the tank of the work train was smashed. Fireman John Harris was cut about the face and his right leg was broken above the knee. Engineer Schaubach was cut and bruised about the head. Both men are known in local N. & W. circles.

PAINTERS TO BANQUET

At the meeting of the Painters and Paperhangers' Union No. 555, held Tuesday evening, a committee composed of V. E. Martin, W. C. Rudy, Charles Grier, Ernest Long and Elmer Brown, were named to arrange for the lodge's annual banquet, which will be held in the Central Union Labor hall Tuesday, February 2. Hon. Nicholas Klein will be here on this day to deliver two lectures in Trinity church, and he will be invited to attend the banquet and to address the members seated around the festal board.

MAKES FLAT CAR WITH WHICH TO DEMONSTRATE HIS PATENT

W. P. Newkirk, the local B. & O. S. W. yardmaster, has just completed a miniature flat car for use in demonstrating his patented Blue flag decelerator, a big safety first meeting to be held in Atlantic City next June.

The car is a perfect model containing all rods, brakes, couplers, trucks and everything that cars are equipped with nowadays. All was constructed by hand, attesting to the splendid workmanship of the local inventor. All that he did not

make himself were the naked wheels, which he secured from a Columbus manufacturing firm. He expects to build another similar car and a small truck.

Since the present safety first meeting he attended in Columbus, Mr. Newkirk has received numerous inquiries from railroad officials regarding his invention, but he plans to get one of the large trunk lines of the country to adopt his system. His friends feel positive that his invention will make him a fortune.

Portsmouth Magnet For Many Hoboes

The unusual number of hoboes that have appeared here of late, is attributed by many to the fact that the word has gone out over the country that Portsmouth is somewhat better off than most cities during the present business depression.

The C. & O. bridge work at Sci-

otenville too has been the means of attracting many unemployed to this section. The fact is too, that Portsmouth has a faculty of keeping up better than the ordinary city or town, as was shown during the panics of 1903 and 1907. During the latter year script was issued, it is true, but this did not entail any hardship on any one.

MOOSE HAD FINE MEETING, PHILIP JACOBS HONORED

One of the largest meetings of the winter was held by the local lodge of Moose last night. Much business was transacted as there were no initiations, all initiations being on the first and third Tuesdays of the month. Twelve applications were received and the indications point to a large class on February 14, when the lodge will celebrate its second anniversary.

Many of the high officials of the order will be present, among them John Risbeck, National Director and E. E. Burnett of Pittsburgh, Brother George Hamilton of Newark, Ohio, John Pugh, State Dictator of Columbus and others. The old time social and dance to be given to the members, their wives and sweethearts on February 6 will be one of the events of the season. The young folks will enjoy watching the old folks dance the old time dances to a fiddle band and the old folks will be privileged to watch the young folks in the modern dances to an up-to-date orchestra. The pool and billiard tables have been installed. Brother Chas. Kiegl, the professor of athletics of the Moose club will wrestle that Demon Faust at the club rooms on February 8 and the match promises to be a goods one. Messrs. Faust and Kiegl wrestled five years ago in Piqua for two hours and 30 minutes without either getting a fall.

A delegation of local Moose are going to Newark, Ohio, next Thursday to assist in a big class initiation and to help Newark

Moose celebrate Uncle George Hamilton's birthday.

Philip Jacobs of the local lodge has been selected to be Deputy Supreme Dictator for this district and local Moose are proud to think that one of their members has been selected by the Supreme head of this big order to be his personal representative in this district.

CASCARETS FOR COSTIVE BOWELS SOUR STOMACH, COLD OR HEADACHE

That awful sourness, belching, stomach's fault—it isn't indigestion—it's biliousness, and constipation. Try Cascarets; they sweeten the stomach, remove the sour, fermenting food and foul gases; take bile from the liver and carry off the constipated waste matter from the bowels. Then your stomach is happy—you bowels are constipated. It isn't your cold and all such misery ends.

Tuesday evening, Ivory Knobs vs. Corn Shuckers, alleys 4 and 5.
Giant Killers vs. Clod Hoppers, alleys 2 and 3.
Friday evening, Spiders vs. Cement Specials, alleys 2 and 3.
Bald Eagles vs. Rebels, alleys 4 and 5.

By taking all three games from the Rebels while the Bald Eagles copped one out of three from the Ivory Knobs enabled the Giant Killers to increase their lead for first place by one full game over the Knobs Tuesday evening. The leaders now have a lead of four full games and will battle desperately to hold that advantage until the final game on April 12, when the league is scheduled to come to a close.

The Giants had but little trouble in polishing off Wurster's Rebels, the games being staged on alleys 4 and 5 where the Giants devoured the white meat with a ready relish. At no time during the three games were the Rebels within hailing distance, the pace set by the leaders being entirely too fast for Wurster and his bunch, who tried desperately but who stopped right there. Owing to the absence of Dallas Lemon, and the fact that no substitute could be located, the Giants rolled a blind, and this gentleman was not at all sorry that he was afflicted with bun eye sight, his scores being of the lovely variety. Ross, lead off man for the Giants had one of his poorest nights, due to numerous splits. He was also a little off in the matter of spares, getting enough strikes to make a respectable showing. Ed Reiley was there all right, finishing with 151, a score of which he is justly proud. Charley Daehler clipped along with poor success in his opening game, then got better and to conclusively demonstrate he had plenty of that old nerve came back with 159. Using more speed and being as accurate as a sharp shooter, George Wilhelm was a bear cat last night and did more than his share to win all three games. He hung up 196 in his opening game and came right back with better than ordinary scores. He was the Wilhelm of old last night and proposes to be in the limelight from now on. Captain Sheridan averaged a little better than 191 and was pretty well satisfied with his showing, thank you.

Dr. Keyes was the loud noise for the Rebels, having one of his best evenings. He started out with 154, came right back with 170 and finished with 165. "Doc" is displaying all sorts of accuracy and will have to be reckoned with from now on. Walter Snyder started out good enough, but soon lost the range and brought up with a bang. Prof. Hunsberger couldn't locate the head pin and had an awful time getting a toe-hold. However, he recovered himself and finished with a fair average. John Wilhelm got better as the evening wore on. He got a por start, then took an extra

hitch in his belt and did better. Then he hitched again and made the large score of 176, giving him the distinction of having bagged the big score for his team. Baker went like a quarter horse in his first two games, exceeding the most sanguine expectations of his captain. He asked very humbly not to have anything said concerning his last score, and for that reason it will be passed over without glossing. Captain Wurster encountered some rough traveling. He hit 'em good enough, but for some unexplainable reason the wood refused to fall and he could not get out of the forty stakes.

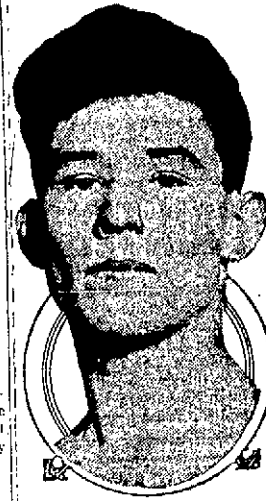

While the Ivory Knobs triumphed over the Bald Eagles two out of three, they escaped annihilation in the opening game by winning by one pin, which is just as good as a million, but which keeps the nerves at such high tension that there is danger of apoplexy. It was up to Capt. P. Wurster Young to win the game. He had to spare and then strike, and he did it—one reason why it is pretty handy to have this capable fellow on a team. He is good in a pinch—in fact, at his best. Orville Sprague, lead off man for the Ivory Knobs, got by in apple pie order in his first two games and then hit a hidden pine or something to that effect. Raymond York imagined the whole works were mined, and his scores certainly showed something was wrong. William Edison Clayton had his lamps trimmed and burning and felt real clumsy over the showing he made. That's right, Billum, swell up—you had a right to, ding bust it. President William Zettman may not have done any great work in the first two games, but he most certainly came down the pike on high gear during his last game, topping all his teammates with a score of 163 in game No. 3. The supreme test as shown by Captain Young has already been diluted upon and no more space can be wasted on this gentleman. Fred N. Tynes went great in his opening game and really deserved as much praise as his captain. He banged into the covey for a 155 killing and then gradually settled down to something like normal, some good hits leaving up No. 7, which he proceeded to "blow".

The duties of captain of the Bald Eagles fell upon the well proportioned shoulders of P. E. Selby, owing to the absence of the regular leader, Lester Howard, who will have to give an accounting when he once gets back on the job. Had he been present last night his team might have taken all three games. Shaw had two good games and then fell hard. Hark—well, Peta did his share, make no mistake about that. Zettman got one good game and tickled to death. D. A. Grimes went like a rapidly rising mountain stream, skied by the C. & O. Rwy., in the opening game and then subsided as gently as a fresh water shad. He piled up five straight strikes in the opening game and gathered the high score for this series, 187. McCain did fairly as well as could be expected, while P. E. Selby was not as capable as usual, although he did better than some others. Anyhow, it was a great night of fun and after all that is what the fellows are after. The scores:

IRON TON MAY GET ITS FRANCHISE BACK

Iron ton, January 27.—From a very reliable source the Iron tonian learns that two of Iron ton's most prominent baseball men, those most interested in the game, will take over the Iron ton franchise in the Ohio State League, provided the salary limit is placed at \$1,000. These gentlemen did not desire their names mentioned, as yet, but the details will be given out within a day or so.

NEW LEAGUE FORMED

The Club Basketball League consisting of four teams recently organized by a group of local sportsmen, has been formed. Every player in the league is a member of the club. At a meeting held several days ago managers were selected for each team and the players who had signified their intention of playing were divided by four managers. Each team was given players, both good and bad, and in this way each squad will be as strong as the others. If any player is injured or unable to play, he can be replaced by a substitute. The league will be allowed to have all experienced players. Monday a meeting was held and names were selected for the teams as follows: Athletics, Tigers, Sox and Buckeyes. J. Woods, J. H. Hunsman, R. Egbert and H. Byron are the managers respectively. All games are to be played in the club gymnasium in All Saints' Parish house. Following are the teams and the players chosen for each team:

NEW FACES ON GIANT'S TEAM

New York, Jan. 27.—There will be few fresh faces in the chorus when dawn McGraw rolls up the ashes on his opening performance of the season at the Polo grounds a few months hence. According to all the dope thus far gathered, the Giants will present about the same cast that was pushed out of the pennant chase by the Braves last season.

out in St. Louis they are raising a joke with a flavor of originality and cleverness will be looked into him. Let a manager get a reputation for springing new stunts and he will be credited with the majority of ideas used.

SIX DAY GRIND TO START

Chicago, Jan. 27.—Spring 1915 events, the usual introduction to a six day bicycle race, will be held at the International Amphitheatre tonight with Frank Kraus, 121'er, world's champion, meeting Ivan Lawson and Francesco Verri, 720 the Italian champion, in the principal mile dash.

SPORTLETS

The New York fight fans are sore. They are real sore because the White-Walsh fight was called off.

Malheur has released Johnny Bates, former lead outfielder and he is now a free agent.

"Billy" Sunday has told the Philadelphia fans that the Athletics will win the pennant again next season. Of course, "Bil" is conducting a revival meeting in Philly.

Chillicothe is going to come into its own this summer. It will get a berth in the League and Turnip League.

Iron ton is in earnest about getting back into the Ohio State League. We hope the town makes the right.

Now we know the Reds will win the pennant next year. They are dickering for a college battery.

Favors Boxing

Chillicothe, Jan. 27.—Scientific boxing is not damaging to the soul. If more of us ministers got into the ring and were knocked out we would emerge the better men and ministers for the experience.

Ministerial opposition to the scheduled fight, Flynn-Gunboat, Smith bout here February 1, at the First regiment armory, received a setback today with the above statement from Rev. Guy Emery Shipley, well known pastor of the Church of Epiphany. He supports the Chillicothe boxing commission.

Miss Anna Sachs, in throwing out some dishwater, slipped on the ice and sustained a hard fall at her home on Third street, Tuesday. She had just recovered from a long and serious illness.

Sustains Bad Fall
Louis and Frank Knare, of Dixon's Mills, were busy Monday and Tuesday hauling wheat from their farm to the Wheelersburg Milling Company's plant.

Sold Fine Beef
John Aeh, of Gephart's Station, sold a fine beef to E. J. Lang, of this city, Tuesday.

To Columbus
R. B. Tynes, who travels for the Harrison-Walker Company, left Tuesday on a business trip to Columbus for his firm.

The opening shot in the Club Basketball League was fired Tuesday evening one day later than originally planned. The Athletics won from the Buckeyes by a score of 42 to 18. Woods, manager of the winners, has surrounded himself with a fine bunch of lads and by hard work has perfected a splendid system of team work.

Byron's Buckeyes played a loose game the guards failing to cover their men and the inability to shoot baskets when they had a chance cost them the game.

Baker with 9 field baskets and 1 foul goal scored 19 of the 42 points. Woods who had 9 points and Baker were co-scorers in the bright lights of the evening.

Morgan did good work for the losers. Following are the lineups:

WANT BILL TO PENSION OLD CIVIL SERVICE MEN

Aid of as many organizations as can be secured in Portsmouth will be sought by Branch 189 Letter Carriers' association of America to help create sentiment for the passage of the Hamill bill, now pending in the house of representatives, to provide for superannuation in the government service.

The provisions of the law are as follows:

Any Civil Service employee who has served the Government for thirty years, may be retired upon fifty per cent of his or annual salary for the last five years of service.

For twenty-five to thirty years, 45 per cent.

For twenty to twenty-five years, 40 per cent.

No employee provided for in this act shall be retained in the service after arriving at the age of 70.

Any employee who by reason of accident or illness not due to vicious habits, has become disabled so as to be unable to perform his duties, may, after five years of service, be retired upon thirty per cent of his salary; from ten to twenty years 40 per cent; for twenty-one years or over, 50 per cent.

The carriers are moved to take this action because of an agitation at Washington to retire the aged men of the service and to replace them with younger men, who are more nimble on their feet. The movement to create sentiment for the bill is nation-wide.

The younger men of the association in this city are presenting the petitions to the organizations, they feeling that the men who have served years for Uncle Sam should be taken care of in their old age.

Churches, unions, the Board of Trade, Retail Merchants' association, Fraternal organizations, etc., will be asked to endorse the Hamill bill, and petitions will also be passed around to be signed by individuals and forwarded to local representatives in congress.

Financial Meeting

At a meeting of the financial committee of the League of Nations Movement, held at the office of Dr. S. P. Fetter, Tuesday afternoon, plans were effected that will result in the proposition being properly taken care of, so far as money matters are concerned. The committee is composed of General Roth, Dr. S. P. Fetter and J. W. Jordan and the members are quite enthusiastic over the outlook.

Opens Bakery

Julius Elmehf, expert baker, has opened a shop of his own at 1224 Chillum street, and is meeting with much deserved success. Mr. Elmehf is not only a skilled bread baker, but an expert on cakes and pastries. While his capacity is rather limited at present, nevertheless he expects to erect a shop in the early spring time. He is a most pleasant gentleman and deserves the patronage of the people.

Wrong Suit

The police received a tip Tuesday that the blue serge suit recently stolen from the Wedge clothes cleaning establishment at Gallia and Eleventh streets, had been pawned with James Manning for \$2. Investigation though showed the suit was not the wanted.

Four Additions At 1st Christian Ch.

The revival services at the First Christian church last evening reached the high mark in interest and in the excellence of the songs and sermon. The splendid bass voices of Messrs. Davis and Edwards blended beautifully in their duet to which Mrs. Davis played the accompaniment. Mrs. Kimble sang the Sparrow Song most effectively, with Miss Quinn at the piano. Prof. Fitz sang "There's A Beautiful Land on High" by Taylor. It was rendered in his own artistic, soulful way and was much appreciated. Mrs. Simpson played his accompaniment.

The sermon on "Sour Grapes" was based on Ezek. 18:24 "What mean ye that ye use this proverb concerning the land of Israel, saying, 'The fathers have eaten sour grapes and the children's teeth are set on edge.' The soil that sinneth, it shall die."

The preacher said that the man

who can set himself against the proverbial philosophy of a people may be counted brave. This is what Ezekiel had to do. This proverb implied that the present generation of Israel was not to blame for their state of captivity. "The fathers have eaten sour grapes," they said. It was a trenchant discussion of ancestral and personal sins and responsibility. The minister gave potential reasons why he could not accept the doctrine of total hereditary depravity.

Songs will be given this evening by Miss Oliver, Miss Stieger and Prof. Fitz. The service begins at 7:15.

Tomorrow evening will be given to men especially, though everybody is invited. A big men's chorus will occupy the platform and sing. Two male quartets will sing.

Four adults accepted the gospel in the last night's meeting.

Liabilities Grow

Liabilities of the People's Cash Store aggregate \$12,146.41, about \$2,000 more than was first thought, according to a schedule of claims against the firm filed in common pleas court Wednesday morning by the receiver, Edward Cunningham. WOMAN COMPLAINS

A woman who signs herself "A Tenth Street Lady" seems to feel that the city officials have ignored her appeals for help and because they have plenty themselves care nothing for the poor. She writes as follows: "If we think beer and whiskey and had men running us we would get all the help we wanted but we do none of those things. I have a daughter who is a widow and has a baby and the chief and all the police were going to help her so much but she has never seen anything yet unless they mean next Christmas coming."

The mayor advises that if the writer will call in person the department will pass upon the merits of her complaints which may result in her receiving aid.

WIFE WANTED TOO MUCH MONEY

The Cincinnati Enquirer today said: "Charles S. Coriell, of Lima street, filed suit yesterday asking for a divorce from Odile M. Coriell, to whom he was married at Portsmouth, Ohio, January 19, 1895. The couple have four children, but Coriell declares that his wife has been dissatisfied with his earning capacity that she continually wanted more money and complained of his lack of the same. He declared that she is very extravagant and that her desire for money has displaced any affection she may have had for him."

BOY SCOUT NEWS

The First Class Fraternity held their January meeting at Boys' Headquarters last night. Owing to the illness of the president, Russell Williams, the vice president, Curtis Bellamy, presided.

The secretary presented the names of three scouts who had completed their First Class Examinations, and had applied for membership in the Fraternity. They were Corwin Knowles and Harry Doll, of Troop 2, and Marion Garrison, of Troop 3. These applicants then appeared before the Fraternity and took their final tests before the Fraternity examiner, Carl Walker. The Scout Commissioner delivered the customary charge to the new members after which he presented them with the First Class Scout badge.

Three Merit Badges were discussed: "Agriculture," by Curtis Bellamy; "Pioneering," and "Carpentry," by Arthur Doll.

This was followed by a very interesting debate on the subject: "Resolved: That athletics are detrimental to successful scouting." Harry Wagner spoke for the affirmative side, and Carl Walker for the negative. Both arguments proved very interesting and were greatly enjoyed by those who were privileged to listen.

The following members were present: Bellamy, Wagner, Baker, A. Doll, H. Doll, Ayers, Tutman, Walker, Knowles, Hudson, Cook and Garrison.

TAN STOCKINGS WITH BLACK SHOES, MADE GIRL LEAVE HER HOME

Why do you suppose Oleta Reeves, 14 year old school girl who disappeared from Ashland, finally decided to leave her home with her aunt, Mrs. Bessie Adkins, and take her chances in the fight with the world? The reason came out yesterday in a talk with the girl, when she said she left home because her aunt had insisted that she wear tan stockings with her black shoes. "After home we quarreled over the stockings, I decided I would go to the home of my uncle, Fred Clark, at Kingsford, W. Va.," said the girl. She had saved thirty cents, and this was all she had when she started to walk to her new home.

As has been told in The Times she was picked up by a farmer's son, and had a good home, until her new friends read where she had disappeared from Ashland. She is now back at Ashland under the care of the Salvation Army of that place, and a good home will be found for her as I decided I would go to the home of my uncle, Fred Clark, at Kingsford, W. Va., said the girl.

SUES ON FIVE NOTES

Suit to recover judgment for \$2464.00, alleged due on five promissory notes, was filed in common pleas court Wednesday morning by Harold E. Hamilton, of Bellefontaine, against N. A. Brokaw, of this city, through his attorneys Hamilton Brothers of Bellefontaine, and J. P. Purdon of this city.

The notes were assumed by Brokaw when he purchased one-half of Section 244, Block B-4, in Armstrong county, Texas, from C. S. Campbell, the petition says. The five notes, each for \$486, were executed by J. W. Rittenour, of Cleburne, Texas, to C. S. Campbell, when the former purchased the land from the latter, and were secured by a vendor's lien on the land. Rittenour later sold

Political gossip has it that Probate Judge Thomas C. Beatty has commenced on figuring on being a candidate again for reelection to his present office. His term will expire in 1916.

Has Skipped

George Johnson, a junkman, who was accused of stealing a penny slot machine and a bar bottle from the A. H. Huth, Jr. liquor store, is reported to have skipped to Kentucky.

FEEL YOUNG! It's Dr. Edwards' Olive Tablets For You!

Beware of the habit of constipation. It develops from lack of a few constipating days, unless you take yourself in hand. Coax the liver back to normal action with Dr. Edwards' Olive Tablets, the substitute for cathartics, with severe medicine or by merely flushing out the intestines with nasty, sickening enemas.

Dr. Edwards believes in gentleness, persistence and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels, their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment all persons should have.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, stable, non-poisonous and have no trouble with your liver, bowels or stomach. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

To Engage in Contracting Business

Daniel Tipton, whose wife died suddenly last Saturday evening, has practically decided to continue in the hotel business only about a month longer, when his year will be up. He will devote his entire time in the future to the contracting business, in which he has been quite successful, and will make his home with his son-in-law and daughter, Mr. and Mrs. John Parkinson, who will assume charge of the Harris house the first of March. Mr. Tipton and wife have been operating the Higgins house for quite a number of years past and enjoyed a profitable patronage.

It Really Does Relieve Rheumatism

Everybody who is afflicted with rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. HUNGARY SCENE OF A BIG BATTLE

AUSTRO-GERMANS ARE SUCCESSFUL OVER RUSSIANS

The new Austro-German plan in the East, which is an immediate object calls for the protection of the dual monarchy from Russian invasion rather than the prosecution of the offensive along the Warsaw front, seems to have exerted already marked influence on the campaign. Heavy reinforcements of Germans have been sent into Hungary to assist the Austrians and an official statement today from Vienna reports that important victories over the Russians have been gained.

The fighting took place at the mountain passes leading into the northeastern and northern Hungary and it is said that the Russians were compelled to evacuate important positions after repeated and fruitless counter attacks. These reports gained for the Austrians follow their successes in Bukovina, which Vienna regards as having enabled the Russian offensive there and rendered nullify the participation of Roumania in the war at least at this time.

A Russian official statement asserts that successes were won by recent fighting in Galicia, where attacks of the Austro-German forces were repulsed everywhere. In Central Poland, along the Warsaw front, the Germans made several violent assaults, but resulted to have been driven back with heavy losses.

In the West the British troops are more or less withdrawing the front of the attack. Severe fighting continues along the Bassee canal, where the Germans appear to have won the fight.

Guthrie, Okla., Jan. 27.—Snow began falling over Northern Oklahoma late last night. Eight inches had fallen here and it is expected the fall would be the heaviest on record.

Little Rock, Ark., Jan. 27.—A heavy blanket of snow covers all Arkansas today. Ten inches had fallen at Fort Smith.

WOMAN IMPRISONED

Amsterdam, (via London).—Jan. 27.—A message from Liege, Belgium, states that the wife of Greek Consul Calwaert, who was charged with aiding Belgians to escape, has been sentenced to three years' imprisonment.

SOME GOLD IN DULUTH

Duluth, Minn., Jan. 27.—Street thermometers at 8 o'clock this morning showed from 27 to 31 below zero, the coldest of the winter. On the Iron ranges the cold was reported five to eight degrees lower than in Duluth.

GERMAN COMMANDER KILLED

Cape Town, (via London).—Jan. 27.—Colonel Seydewitz, commanding the German forces in German Southwest Africa, has been killed at Windhoek, according to advices received here. He was examining land grenades when one of them was accidentally exploded and caused his death.

Favor Arbitration

Columbus, Jan. 27.—Arbitration of disputes that may arise among architects, contractors and the owners was urged by H. L. Leeman, of Louisville, Ky., president of the National Association of Builders Exchanges of America in an address before the association's annual convention here today.

GREAT LAKES SHIPPER DIES

Bakersfield, Cal., Jan. 27.—Captain Robert Allison, for years a well known navigator of the Great Lakes, died here yesterday of heart trouble and his body was shipped to Port Austin, Mich., for burial. He was 84 years old.

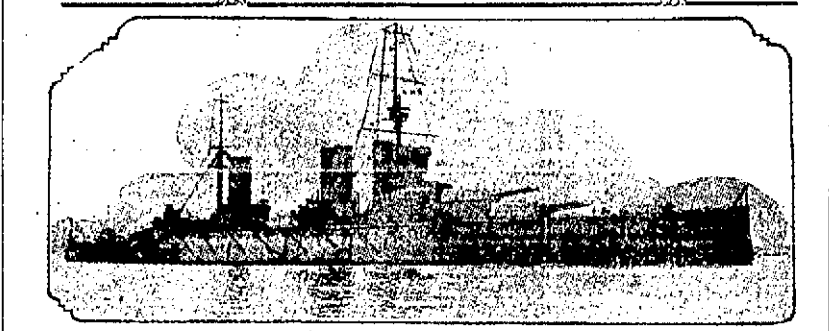

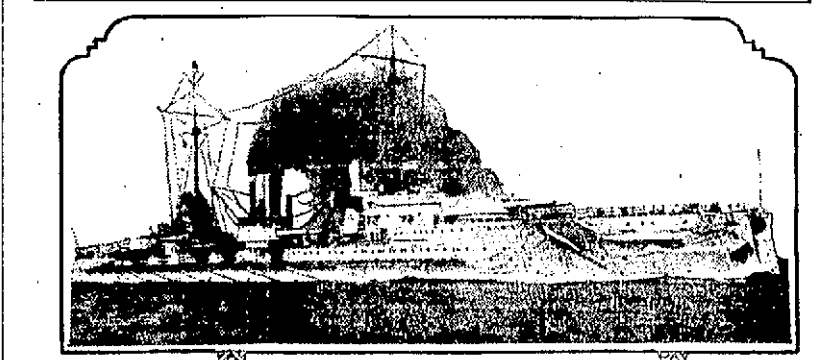

AUSTRALIA FLANS RIFLE RESERVE OF 500,000 MEN

Sydney, Australia, (via London).—Jan. 27.—The Australian government announced today it had a plan for the formation of a rifle reserve of half a million men, which may be used in Europe if the war is prolonged.

WOMAN SUSPECTED OF KILLING HUSBAND

Canton, O., Jan. 27.—James Walsh, 37, mill worker, is dead, and his widow, Clara, is held by the police on a charge of suspicion, pending the investigation of her husband's death. The woman charged and he was shot in the heart. Police are investigating the theory that the woman shot her husband.

BRITISH REJOICE OVER NAVAL VICTORY AND BLUECHER'S LOSS

Bluecher (top) sunk by Lion (bottom).

All England is rejoicing over the recent naval victory in which the German armored cruiser Bluecher was sunk. The Bluecher was a cruiser of 25,500 tons displacement and, although commissioned in 1908, was re-rigged last year and was valued at \$5,500,000. The Bluecher was sunk by the British cruiser Lion, which has a displacement of 26,350 tons, and carries eight 18.5-inch guns, sixteen 4-inch and four 3-inchers. The Bluecher carried a crew of 885 men, most of whom were lost. The Lion has a complement of 1,000 men.

TWO LIQUOR MEASURES BEFORE STATE ASSEMBLY

Columbus, Jan. 27.—The legislature today found itself facing two bills introduced yesterday changing the saloon license system of the state, one bearing indications of being an administration measure, doing little else than decentralizing the system, the other, evidently a strong dry measure containing features for which the anti-saloon league fought when the license law was enacted two years ago, and last.

Representative Fleming, of Maumoning, was sponsor for the decentralization bill containing administration desires, and Representative Parnum, of Ross county, was author of the radically dry measure. Another bill introduced last week by Representative Ordman, of Licking county, providing decentralization by authorizing the state license commission to appoint members of county boards only on recommendation of the executive committee of the two dominant parties for each county, also is before the house. This has not been taken as seriously as others, however.

A fourth bill is nearly ready for introduction in the senate by Senator McDermott, of Trembulla, chairman of the temperance committee, providing for decentralization of the present liquor system.

The house liquor trade committee met today but the two bills introduced yesterday had not yet been referred to it, so these could not be considered. Members of the committee expressed their opinion, however, that the Fleming bill has better chances of being approved than the house than either of the other two bills. The McDermott senate measure is expected to be drawn on bill.

Canadians Worried About Fruit Trade

Victoria, B. C., Jan. 27.—Concerned over the wholesale shipment of fruit from the United States into our own legitimate markets, that we must try to obtain the support of the Dominion government. We should spare no effort in that direction and endeavor to impress upon the authorities at Ottawa the necessity of increasing the duty on fruit from the United States.

The premier said: "We have had to bear some untold competition from the country to the south, and while I would be the last to say anything that might affect the equilibrium existing between the two nations, we have ourselves to consider first always, and there is only one conclusion to be drawn from the present situation."

GERMAN STAFF MOVES

Amsterdam, (via London).—Jan. 27.—The German staff headquarters are now at Charleville, France, opposite Metz and near Sedan.

INVESTIGATE SHOOTING OF STRIKERS

New Brunswick, N. J., Jan. 27.—The grand jury continued today its investigation into the shooting of 19 strikers, two of whom died of their wounds inflicted at Roosevelt, N. J., Jan. 19, by armed guards sworn in as deputy sheriffs and stationed at the Licking Fertilizer plant of the American Agricultural Chemical company.

Eighteen witnesses had already been examined when the investigation was resumed today. More than eighty more were still to testify. Among the number were Mayor Hermann, of Roosevelt, and Sheriff Houghton, of Middlesex county, concerning whom Supreme Court Justice Hogen changed the grand jury yesterday to indict for misconduct in office if it were found that they had failed to do their duty.

VON BUELOW A FIELD MARSHAL

Amsterdam, Jan. 27.—(via London).—A telegram received here today from Berlin announces that General Von Buelow, commander-in-chief of the German second army, has been appointed a field marshal. General Von Buelow, commander-in-chief of the third army, the dispatch adds, has been promoted to the full rank of general.

CUT PRICE OF PETROL

New York, Jan. 27.—The Standard Oil company of New York today reduced the price of refined petroleum for export 25 points, making oil in cases 10.25 cents per gallon, in tanks 4.25 cents and standard white 7.75.

WILL PROTECT MIGRATING BIRDS

Washington, Jan. 27.—The department of agriculture intends to rigidly enforce the provisions of the federal migratory bird law, which prohibits the shooting of such birds during the spring.

The law provides that no water fowl may be shot in the northern or breeding zone, after January 15, except in New Jersey where the season closes February 1, but extends to February 15 in Florida, Georgia and South Carolina. It is the purpose of the government to investigate all reports of violations of the law and to prosecute them.

OHIO CITIES SEND RELIEF

Columbus, Jan. 27.—Chillicothe, representing Ross county, under the direction of James A. Poland, sent the first carload of foodstuffs from the state since the organization for relief of war sufferers was perfected through local units. This shipment will go direct to New York, to become part of the ship load of provisions which the Ohio Commission will send across the Atlantic soon. The list of new organizations reported this week includes Gallipoli, Pomeroy and Washington C. H.

ARRANGE FOR FEDERAL EMPLOYMENT BUREAU

Washington, Jan. 27.—Employers of labor and employment seekers throughout the country will be brought together through the establishment of a federal employment bureau by the department of labor, management of which was being sent broadcast through the mails today.

Both the post-office and agricultural departments are assisting in the plan, which aims at putting employers and employees in touch with each other without cost to either. Agents of both departments have been given blanks that applications may be made in any locality.

In circular letters calling attention to the plan, which were mailed particularly to industrial establishments, Secretary Wilson describes its purpose as the development of the welfare of wage-earners and affording to employers a method of obtaining help through distribution branches in various parts of the nation.

BRITISH WARSHIPS RETURN TO PORT

London, Jan. 27.—Most of the British warships engaged in Sunday's naval battle in the North Sea returned to port Monday and during Monday night, it was announced here today, the Lion, the flagship of Sir David Beatty, was the last of the battle cruisers to arrive. She returned Tuesday morning when the Achilles and the Laurel, among the light cruisers, some of the destroyers and the battle cruisers Tiger, Princess Royal, Indomitable and New Zealand were already at their moorings.

The Lion arrived at 11 o'clock and was greeted with vociferous cheers by the crews of the anchored warships. It was a spontaneous tribute of affection to Vice Admiral Beatty and his flagship. Captain Erskine, of the Bluebonnet, which was sunk in the battle, has been placed among the wounded, according to the Edinburgh correspondent of the Times. He is suffering from shock.

The Lion and the Tiger were the only British battle cruisers that sustained material damage in the fight, the correspondent adds. The Lion had her speed reduced, but that soon can be remedied. The Princess Royal, another of the British battle cruisers which had almost as big a part in the action, the correspondent states, is practically unscathed.

Strike Conciliation Is Further Delayed

Cleveland, Jan. 27.—Inability of John P. White, international president of the United Mine Workers of America, and other officers of that organization to be in Cleveland today, caused a postponement of the joint conference of the miners and operators proposed by Hywel Davies and Daniel J. Keefe, federal conciliators appointed by Secretary of Labor Wilson to try to bring about a settlement of the strike in the Eastern Ohio coal fields which has affected 15,000 miners since the first of April last. It is expected that the two parties to the controversy will meet with the conciliators tomorrow.

Whether the proposed joint conference will result in a settlement of the strike neither Mr. Davies or Mr. Keefe would predict. They are hopeful, they said.

It is understood to be the plan of the conciliators to submit a proposition to the miners and operators in joint conference which they hope will be acceptable to both sides.

HALT SHIPMENTS OF CATTLE FROM CHICAGO

Chicago, Jan. 27.—Squads of men began disinfecting the Chicago Union Stock Yards, the world's largest live stock market today for the second time within three months to prevent a possible serious outbreak of foot and mouth disease.

Orders received by Dr. E. G. Hauck, chief veterinary inspector of the federal bureau of animal industry, placing an embargo on the yards against the shipment of cattle out of the yards until the fences and alleys have been disinfected, became effective yesterday. The order was issued because it was suspected that a new case of the disease found among cattle originated at the Chicago yards.

There is no immediate danger of a complete shut down, Dr. Hauck said.

FIRE IN HOLD OF STEAMER

Trinidad, B. W. I., Jan. 26.—(via St. Thomas).—Jan. 27.—The British steamer Maraval, from New York for Grenada, Port of Spain and other points, arrived at St. Kitts yesterday with her forward hold on fire. The flames were discovered there on Jan. 25. The passengers, mails and sixty-five mules were landed at St. Kitts. The second engine was killed while fighting the fire. BAD, IF TRUE

Action has been brought to must one Prentiss from his recently assumed place as common pleas judge of Henry county on ground of corrupt practices, the allegation being that as an inducement to the electors to vote for him, he promised he would not draw a substantial part of the pithoric salary attached to the position and thus two or three thousand dollars would be saved the tax-payers each year.

It is unwritten whether the good burghers of Henry placed sent store by his promise, or small estimate on his ability, anywise, notwithstanding the splendid inducements he offered, his election was secured by less than a hundred majority. Ample sufficient, however, for his purpose and the provocation of a lawsuit of which he finds himself at the butt end and which is likely to become famous in Ohio legal lore.

Precedent, which may or may not guide the courts may be found in a Missouri case. In the famous county of Callaway, a candidate for the office of sheriff, which was then worth about five thousand dollars a year, promised the voters that if elected he would turn back into the county treasury all but one thousand dollars. He was elected, but upon suit, he was ousted from the office on the ground that his promise was bribery. No such thing as a corrupt practice act, with its broad and comprehensive provision against any sort of financial inducement to the voter, was known in those days, but Ohio has one now and it seems would afford a better ground for ouster, if the allegations against the Henry county judge can be proven than was found in the Missouri case.

THE EVEN HAND

Germany complains the United States is violating the laws of neutrality by allowing England to buy her ammunition and other things, contraband of war; England complains we are aiding and sustaining Germany by selling her provisions and copper and cotton, both of the latter of which are essentials in providing material for warfare.

These protests may be esteemed as the highest testimonial of the impartial neutrality of the Wilson administration towards all the belligerents, for when each party to a contest asserts an outsider is favoring the other there is the absolute proof that he is impartial.

And, by-the-way, this word neutrality is much misunderstood, or rather commonly misinterpreted, according to the interest or bias of those using it.

When two nations go to war and a third declares its neutrality between foes, all that is understood is that it will give aid and comfort to neither and do no hostile act. It does not mean it will cut them off its visiting list, so to speak, or refuse to trade with them. It is at liberty to sell its products to both belligerents, just the same as it was before war was declared, with the exceptions of such things as its armament and navy. But even this limitation does not apply to the private citizen. If an adventurous American can run the blockade the English and French have set in the North sea and get arms and ammunition to Germany, his act will not make this country responsible for breach of neutrality. Denmark, Holland, Sweden and Norway are selling to Germany horses and other requirements of her armies, but we hear little or nothing about that. It's perfectly legitimate.

In this country the same act is entirely different, and the eternal and infernal muddle of politics makes the difference. Postilion organs and politicians are trying to set the trap both ways so as to be sure and catch President Wilson. But they fail. He is holding the government to an even hand play and the common sense of the people will see that.

There is a great deal of independent voting and ticket-scratching in these progressive days but we imagine anyone running on the ticket headed by Henry Ford would stand a pretty good chance of election says the Ohio State Journal. Yes especially if the misunderstood gentlemen temporarily detained in the Elysian pleasure resorts formerly known as penitentiaries, are allowed the privilege of voting.

In line with the tendency of the times to make heroes out of murderers and saints out of thieves, we suggests that they also be allowed the privilege of voting by mail.

AU ULTIMATUM

MORE AS TO CREAMER

It seems to us that Governor Willis could do nothing other than would so much discredit his administration at the start, as this selection of D. Staley Creamer for one of the highest jobs he has to give out of hand.

Creamer is a political renegade and an ingrate to party and political friend. Made state treasurer by the Democrats, when the revolution against the grafting in that office was at its height and professing a consistent passion for reform, it was later shown he was not averse to a little easy picking on the side, which he was compelled to return. Because he was not given a fat job by the Cox administration he bolted every nominee on the state Democratic ticket, and the common belief will be he is now receiving the price of his treachery.

It is comforting, mighty comforting right now, for The Times to recall that having taken the measure of D. Staley Creamer during his first term as state treasurer, it refused to support him on his second nomination and openly declared his unfitness for a place of public trust.

THE TEACHERS

(Washington Gladden, in Atlantic.)

It may be safely said that many schools in which morals are never taught from textbooks or by formal exercise furnish a most stimulating drill in the higher and finer moralities every day. Many of us know teachers who, without much preaching, convey, in all their intercourse with their pupils, the influence and qualities which purify and invigorate character. A considerable acquaintance with teachers impresses me with the belief that the feeling of their responsibility for the moral welfare of their pupils and their appreciation of the values of character are steadily deepening among them. No profession is so sacred that shallow and self-seeking persons do not find a place in it; but I believe that as much

THEY ARE ALWAYS THERE

Admiral Beatty, of British navy, is twice its hero and the present war idol of the Allies. For twice has he encountered parts of the German fleet in North sea and each time has he won victory.

"There's a reason" for this. The wife of the brilliant admiral is an Ohio girl. Maybe she wouldn't admit since the admiral, then a gallant and dashing captain, sailed across the sea and making a raid as far as Chicago, carried her - as a willing captive and his bride back to England. Nevertheless, her folks were Buckeyes and she is a descendant of that Wonderful merchant prince, Marshall Field, whose home was originally in Trenton.

Of course, she is the inspiration to all her husband's brilliant achievement, for being a Buckeye girl how could it be otherwise!

We never heard of a man, who, after begging for an office, called around to the paying office after he got installed and offered to pay some of his salary back because work was light. But we never fail to hear of the patriots yelling their lungs off for help if they find themselves confronted by a little real work. Why don't they do like the rest of us and dig in and do the best they can, taking the bitter with the sweet?

Animal Jingles

FOR LITTLE FOLK

MOTHER McGREW AND KATE KANGAROO

Kate Kangaroo was the liveliest child that you ever heard of, no doubt. She couldn't keep still, but would hop, skip and jump till she very near wore herself out.

Each day when the animals came to their meals they'd almost be frightened to death. At the way Kate Kangaroo came into the room. She always hopped in, out of breath.

On Sunday the animals walked off to church. And often they all had to stop. Till they got Kate Kangaroo back into line. She just wouldn't walk—she would hop!

Then Mother McGrew would say, "Kate Kangaroo, I've scolded you time and again: I know that the hopping you do every day is bound to be bad for your brain."

But Kate was willful and so would not try to walk in a ladylike way. Till finally an accident happened to her. When she went to a party one day.

If there's one place on earth where you'd try to get nice, a party's that place. It would seem. But Kate tried to hop from the door to her chair. And upset the pail of ice cream!

Then Mother McGrew led her out by the ear. And took her off home double quick. "Since you like it so well, you shall hop all your day." And she tapped her three times with her stick.

A hop now and then is all right in its place. But it certainly does seem to me. That to have to hop always as Kangaroos do. Would be tiresome—just try it and see.

Our Ideal Husband Contest

The ideal husband has never been born. I have had 3 and neither was ideal.

One Who Knows.

An ideal husband is the man who comes home from his work with a smile and says hello, old pardner, is beans ready? and not the one that kisses his wife 3 times each day from force of habit with an expression on his face like he was going to his mother-in-law's funeral.

ACID IN STOMACH SOURS THE FOOD

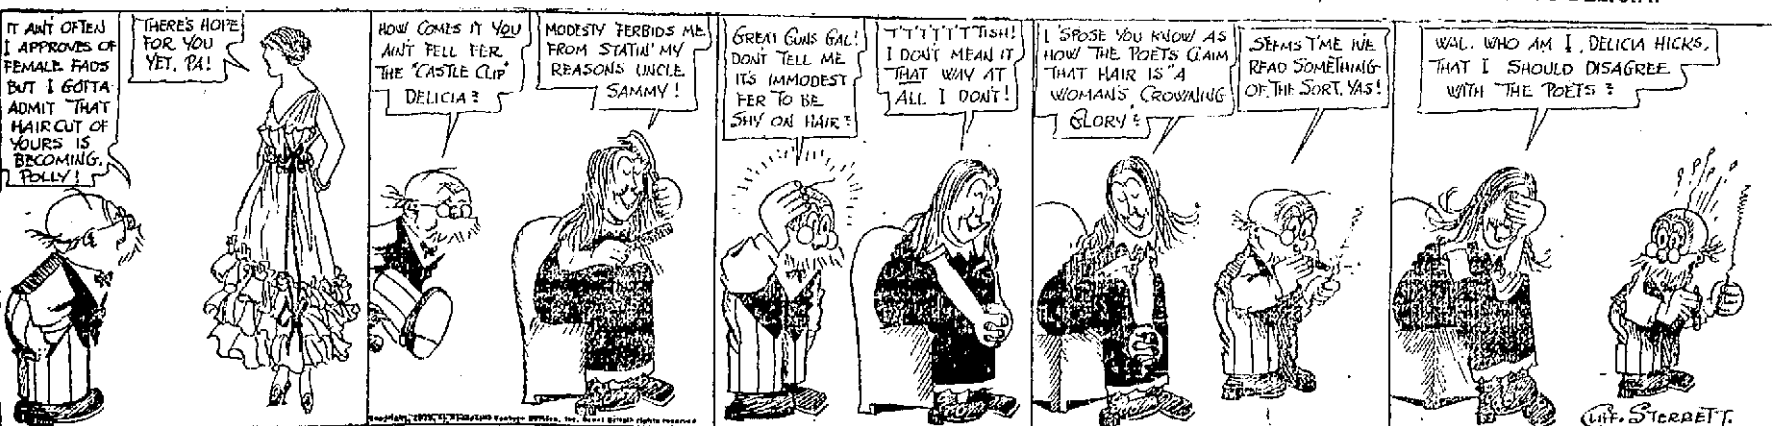

Says Excess of Hydrochloric Acid is Cause of Indigestion.

A well-known authority states that stomach trouble and indigestion is usually always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Epsom Salts and take 2 tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidney and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.
